

Mawson Lakes Football Club

23/10/2009

Hi there,

With the new changes to the club over the last couple of months we thought we would contact all members, past and present, and inform them of what is going on.

We have changed the club's name to Mawson Lakes Football Club, this was unanimously voted on at a Special General Meeting held in October. We hope this new change will bring on and off field success for future years and establish our club as a force amongst the SAAFL.

We have again secured the facility at Mason Lakes for the future and are looking at locking in a long term arrangement at the end of 2010.

Junior football is on the radar and we will be conducting an investigation over the next 18 months as to whether we can sustain this as a regular part of the club.

Geoff Riddle and Dean Troughton have been re-appointed as coaches of the Senior and Reserves teams respectively. We have also attained the services of Robert O'Gorman as a playing assistant to Geoff. Rob comes from a very impressive background including – Central Districts Football Club, South Gawler, Hectorville and Mt Lofty.

Geoff will be holding a BBQ at his house on Sunday 22nd November at 1pm to get everyone together for a chat before we commence our 2010 journey. New players extremely welcome so feel free to invite whoever you wish.

We have decided to have a few light trainings prior to Christmas, so we can all catch up and get our hands back on the footy. Geoff has decided that Pre season training will commence on the Thursday 26th of November, 2010 at Mawson Lakes Oval. (Itinerary attached)

We have decided to manage the playing list slightly differently to previous years, so all you old blokes will experience a modified training program –NOT as intense as the young blokes will be put through.

To all those supporters/players, past and present, you helped mould the club in some form and we are forever grateful. It would be fantastic if you could make some time to venture out and show your support in 2010.

Anyway, stick this on the fridge and don't forget the dates for training, for all those not training prior to Christmas have a safe and happy Christmas and New Year and we hope to you in 2010 supporting your beloved saints!

Regards

Christian Cooper
